Experience

ICT Volunteer – January 2020 to present
Youth Welfare Association • Nairobi, Kenya.

Since January 2020, I have been volunteering at the above-named NGO. I worked as part of the team that built as well as maintains their website.

Front-end Engineer – February 2017- Present
MobiweCraft Limited • Nairobi, Kenya.

As a web consultant, I specialized in the development of custom mobile and Web based Solutions targeting cooperates as well as individuals. Some of the roles included:

- Cooperate with designers to create clean interfaces and simple, intuitive interactions and experiences.
- Develop project concepts and maintain optimal workflow.
- Work with senior developer to manage large, complex design projects for corporate clients.
- Complete detailed programming and development tasks for front end public and internal websites.
- Carry out quality assurance tests to discover errors and optimize usability.

Technical lead – October 2016–February 2017 **Safetek limited • Nairobi, Kenya**.

My main task, carried out between October 2016 and January 2017 was to lead a team of developers to come up with the first of a kind, fully functional cashless system for the transport industry.
We worked with 2NK Sacco (A public transport leader) and came up with a platform that enabled their members to access as well as transact via web as well as mobile app running on an android based P.O.S (Point of Sale) machine.

IT Intern – March 2012–May 2012 **Kenya Power • Nairobi, Kenya**.

Worked in the Kenya Power, IT department Nairobi region for three months between March and May 2012. Experienced in support desk team program installation including:
Data base applications
Include Oracle Win, UNIX and Power Builder. End user applications
Operating systems, ICS, LCA, DCS, IMS, OFFICE, DTMMS, SAP, TMS, FDBS, SPS, LRA, antivirus and CITRIX.
